

TESTIMONIALS

The A-list takes great care in figuring out which tutor would be best for a student. They really listen to what the child needs and what kind of personality is involved - and then you get a really good match.

Gill Wagner,

Becky Sobelman-Stern,
Parent-Milken Community High School

The A-List helped my son raise his SAT score by 300 points! Thank you so much for everything you've done for us!

Kathleen Barnes,
Parent-Notre Dame High School

The skill set of A-list tutors is outstanding - scholars who can teach, mentors who feel like peers, professionals who take pride in their work. These high standards are found with total consistency in each A-list tutor. Alexis and Ashley have built an A+ service that has become a true partner in our children's educational program.

Our Tutors

All of our tutors are experienced teachers/tutors (with at least a B.A. degree) who have a passion for working one-on-one with students to maximize their understanding of class material.

Our tutors will give your child the tools to achieve success on their own.

Our Test Prep Program:

SAT, SAT SUBJECT TESTS, ISEE & ACT
We'll structure a program that's tailored to your child's needs.

- There is no minimum session requirement
- We offer flexible and affordable packages
- Individual sessions are also available if a package isn't right for you

Our pricing is not only competitive, it's affordable. We use the same materials that the top SAT tutoring companies use at a fraction of the price. Whether your child is stronger in math and/or verbal sections or whether they need a boost in both areas, our highly personalized programs will give your child exactly what they need to raise their scores and their confidence.

We also offer SAT/ACT hybrid tutoring, allowing your student to maximize their tutoring time in order to make an educated decision about which test is right for them.
